Hong Kong & China Market Daily

11 August 2025

What's Hot Today:

Wynn Macau (1128 HK, HK\$6.29, HK\$33bn) low VIP win rate hurts 2Q25.

Missed 2Q25 results. Net revenue stayed flat at US\$883mn, of which non-gaming business was down 11% YoY US\$141mn, accounting for 16% of total. Adjusted property EBITDA dropped 10% YoY to US\$254mn, 8% below market expectations. EBITDA margin stood at 28.7%, down 3ppts YoY. After adjusting for the unlucky VIP win rate, adjusted property EBITDA of US\$266mn was still 4% below expectations. Wynn Palace underperformed, which saw net revenues decline by 2% YoY to US\$540mn and adjusted property EBITDA dropped by 15% YoY to US\$157mn. Wynn Macau, net revenues increased by 2% to US\$344mn with adjusted property EBITDA up slightly to US\$97mn.

Gaming business lagged industry. Total GGR edged up slightly by 2% YoY to US\$900mn in 2Q25, contrasting with an 8% growth in the broader industry. The company delivered steady performance in April and strong results in June, though May saw more subdued momentum. Its market share stood at 11.6%, down 0.5ppts YoY and 0.8 QoQ, ranking 6th. VIP GGR grew by 6.5% YoY to US\$150mn, trailing the industry's growth of 13%. This growth was supported by a 27% YoY surge in turnover but partially offset by a 0.6 ppts decline in the VIP win rate. Mass GGR remained flat at US\$692mn (industry: +4%), driven by a 3.6% rise in table drop, while the win rate fell 0.6 ppts YoY. Slot GGR rose 12% YoY to US\$58mn, outpacing the industry's 9% growth.

Continue to upgrade properties to stay competitive. The company plans to invest up to US\$750mn by the end of 2026 in resort upgrades and expansions, including a new large-scale events center at Wynn Palace, which is tentatively set to open early 2028, pending government approvals. Meanwhile, two projects are underway, including an expansion of the Chairman's Club at Wynn Palace, its most exclusive gaming area, and a refresh of the Wynn Tower hotel rooms at Wynn Macau. Capex guidance for 2025 was revised down to US\$200–250mn from previous US\$250-300mn.

Our view: Competition in Macau's VIP and premium mass markets has intensified, with all six operators continuing to upgrade their facilities and properties while maintaining high levels of rebates to attractive customers. This competitive pressure is reflected in the declining adjusted EBITDA margins of Sands China (-0.6 ppts), MGM China (-1.7 ppts), and Wynn Macau (-3 ppts). Notably, the margin drops were steeper for their Cotai properties compared to those on the Peninsula. This disparity may stem from the fact that Cotai properties primarily target the high-end market. While without any new properties or concert offerings in the near term, Wynn Macau is expected to get eroded further in H2. The counter is trading at 9.0x FY25E EV/EBITDA. (Ensley LIU)
